RE: Application of South Carolina Electric & Gas Company for a Certificate of Environmental Compatibility and Public Convenience and Necessity for the Construction and Operation of a 230 kV Transmission Line from Its Denny Terrace Transmission Substation to Its Pineland Transmission Substation
Docket No. 2010-238-E

Dear Ms. Boyd:

By Order No. 2010-713, dated October 21, 2010, issued in Docket No. 2010-238-E, the Public Service Commission of South Carolina ("Commission") granted South Carolina Electric & Gas Company ("SCE&G") a Certificate of Environmental Compatibility and Public Convenience and Necessity for the construction and operation of the Denny Terrace-Pineland 230-kV transmission line in Richland County, South Carolina. In doing so, the Commission required SCE&G to notify the Commission and the South Carolina Office of Regulatory Staff ("ORS") of the commencement of construction of the Denny Terrace-Pineland 230 kV Line. By this letter and in compliance with Order No. 2010-713, SCE&G hereby notifies the Commission that construction of the Denny Terrace-Pineland 230 kV Line began on November 1, 2010.

By copy of this letter and in compliance with Order No. 2010-713, we are also providing ORS with notification of the commencement of construction.

If you have any questions, please advise.

Very truly yours,

Matthew W. Gissendanner
